2026

RENEWABLE CONNECTED SYSTEMS

INVESTOR PRESENTATION

Mobility & Energy

Confidential. For discussion only. Not an offer to sell or a solicitation of an offer to buy any security. Draft for discussion. Do not use, rely on or distribute. Figures and terms may change.

DATE 27 SEP 2026

STATUS DRAFT

Agenda

01

PLATFORM

One platform and its revenue logic

02

PIPELINE

Mobility hubs and capital gates

03

CAPITAL

Underwriting and monetization

04

NEXT STEPS

Milestone-based capital

01

Connected infrastructure, disciplined capital

ENERGY, MOBILITY, STORAGE, SMART SITES AND QUALIFIED COMPUTE SHARE ONE INTEGRATION PLATFORM.

01 PLATFORM

Three systems, one platform

OCEAN RCS DEVELOPS INFRASTRUCTURE FOR
ELECTRIFIED MOBILITY, DISTRIBUTED ENERGY
AND SELECTIVE MODULAR COMPUTE.

Ocean project photo: solar parking structures, DJI_0482

RENEWABLE ENERGY

Solar, storage, electrical, controls

CONNECTED MOBILITY

Charging, fleet energy, site operations

QUALIFIED COMPUTE

Power, fiber, liquid cooling, partners

01 PLATFORM

Develop, build and operate

01

◆

Develop

Site screening, utility review and customer strategy.

02

◆◆

Build

Solar, storage, EVSE and site infrastructure.

03

◆◆◆

Operate

Monitoring, O&M, billing and reporting.
Ocean controls the integration layer.

02

Parallel lanes, protected stages

02 PIPELINE

A mobility hub is more than charging

SITE FORMATS CAN COMBINE ENERGY, MOBILITY, RETAIL, FLEET AND SERVICE REVENUE.

Representative image: infrastructure concept, not an Ocean site

- CHARGING

Public DC fast charging
- FLEET

Charging and staging
- ENERGY

Solar canopy and BESS
- SERVICES

Retail, amenities, wash

02 PIPELINE

Several project lanes move at once

OCEAN DOES NOT WAIT TO COMPLETE ONE LANE
BEFORE ADVANCING ANOTHER.

LANE	WHAT GOVERNS ADVANCEMENT
Energy EPC	Screen · control · validate · fund · build · operate · monetize
Third-party EVSE	The same evidence-based gates, applied independently
Mobility hubs	Site readiness
Fleet and car wash hubs	Customer demand and operating requirements
Modular compute	Qualified power, fiber and demand

EACH ASSET RECEIVES CAPITAL ONLY AFTER TECHNICAL, COMMERCIAL, UTILITY AND FINANCING GATES CLEAR.

OCEAN RCS · CONFIDENTIAL · FOR DISCUSSION ONLY · DRAFT · DO NOT USE

02 PIPELINE

Capital is deployed in protected stages

INVESTOR PROTECTIONS AND ASSET-LEVEL
CONTROLS ARE IN PLACE BEFORE PROJECT
FUNDING.

01 · CONTROL

02 · VALIDATE

03 · APPROVE

04 · EXECUTE

Site or customer
control

Secure the site or the customer
before spending capital.

Utility and permits

Confirm the utility path and the
permits.

Financing and
collateral

Approve financing and collateral.

Build and operate

Build, operate and expand.

FORWARD-LOOKING AND SUBJECT TO DILIGENCE; NOT A GUARANTEE OF RETURNS.

OCEAN RCS · CONFIDENTIAL · FOR DISCUSSION ONLY · DRAFT · DO NOT USE

03

Contracted revenue first, optionality second

BASE-CASE UNDERWRITING DEPENDS ON CUSTOMER CONTRACTS, SITE-SPECIFIC MODELS AND CONFIRMED ECONOMICS.

03 CAPITAL

Revenue begins with contracted work

FORWARD-LOOKING AND SUBJECT TO DILIGENCE;
NOT A GUARANTEE OF RETURNS.

01

◆

Base revenue

EPC margin, O&M, monitoring, solar and BESS value.

02

◆◆

Contracted expansion

Fleet charging, site services and memberships.

03

◆◆◆

Optionality

Advertising, compute and future fleet services. **Excluded from the base case.**

03 CAPITAL

Qualified sites require evidence

PHYSICAL, UTILITY, COMMERCIAL AND OPERATING
CONDITIONS MUST SUPPORT DEPLOYMENT.

TEST	EVIDENCE REQUIRED
Physical site	Access, parking, setbacks and a safe service area
Power and utility	Load, interconnection and the utility path
Commercial demand	Charging, fleet, tenant or compute use
Construction scope	Civil, electrical and site-cost clarity
Operating model	O&M, billing, access and support plan

FORWARD-LOOKING AND SUBJECT TO DILIGENCE; NOT A GUARANTEE OF RETURNS.

OCEAN RCS · CONFIDENTIAL · FOR DISCUSSION ONLY · DRAFT · DO NOT USE

CAPITAL

8

stage gates from
origination to monetization

BASIS PORTFOLIO PROCESS STATUS DRAFT

OCEAN RCS · CONFIDENTIAL · FOR DISCUSSION ONLY · DRAFT · DO NOT USE

04 NEXT STEPS

Milestone-based capital

FORWARD-LOOKING AND SUBJECT TO DILIGENCE;
NOT A GUARANTEE OF RETURNS.

CAPITAL SOUGHT

[TBD]

First funded asset [TBD]

Terms [TBD]

01 

Confirm investor mandate

02 

Define first funded asset

03 

Complete diligence package

04 

Approve stage-gated capital

NOTICE

Important notice

This presentation is confidential and is provided for discussion purposes only. It is not an offer to sell or a solicitation of an offer to buy any security. Any project, equipment acquisition, incentive, utility service, fleet relationship, charging utilization, compute deployment, financial return or exit transaction is subject to final diligence, written agreements and applicable law.

Ocean RCS is the market-facing operating brand for the platform. Project-specific legal entities may be formed at equipment acquisition, property closing, financing or operations launch. Forward-looking statements, projections and estimates are not guarantees. Do not copy, forward or distribute without the written consent of Ocean RCS.
